

E2 BY HURST JAWS OF LIFE

Battery-powered hydraulic tools engineered
for power, control, and mobility.

WHAT E2 DELIVERS

- **Untethered performance** of hydraulic tools, without an external power unit or hoses.
- **Lighter, easier to handle**, and built for high output.
- **Ergonomically designed** star-grip permits tool actuation from almost any position.

POWER & RUNTIME

- Li-ion EXL batteries (5 Ah) designed for quick changeouts and rescues lasting up to an hour on a single battery, depending on conditions.
- Two rechargeable batteries and a charger; an optional 110V adapter enables plug-in operation on select models.

WHY E2, WHY NOW?

Teams choose E2 for true mobility. No external power units or hoses, fewer snags, and faster movement on crowded scenes and tough terrain. Balanced ergonomics and intuitive controls inspire confident, precise handling on the proven eDRAULIC platform.

Product availability, configurations, and included accessories may vary by model/region. Refer to official HURST Jaws of Life specifications and your dealer for exact details.
