PRODUCT NAME: Nozzle Repair Tool Kit

AKRON PART NUMBER: 9200 Addition of a Retaining Pin Removal Tool

PRODUCT DESCRIPTION

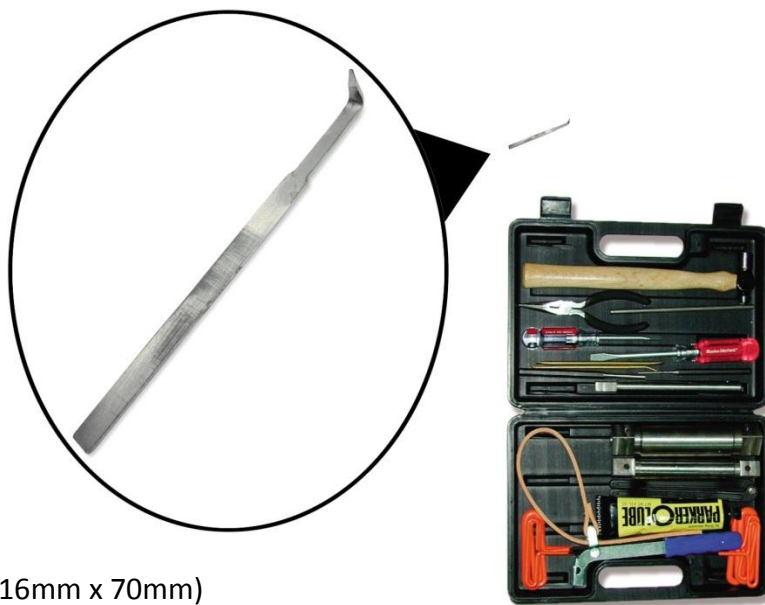

Akron Brass has expanded its tool selection within the Style 9200 Nozzle Repair Tool Kit to include a Retaining Pin Removal Tool. This great addition will be included in all new kits for no extra cost and is also available for purchase to add to your existing kit for a minimal charge.

This new tool is designed to fit between the nozzle body and the throat of Assault™ nozzles to make removal of the retaining pins easier.

The Nozzle Repair Tool Kit is a self-contained kit that includes the tools needed to repair standard Akron Nozzles. All tools are packaged in a compact carrying case.

Tools include:

- Hammer
- Pliers
- Open Face Spanner
- Strap Wrench
- O-Ring Lubricant
- 2 O-Ring Tools
- 2 Screw Drivers
- 2 Punches
- 3 Swivel Adapter Tools
- 8 Hex Wrenches
- NEW 3" Retaining Pin Removal Tool

Total Tool Kit Size: 12" x 8.5" x 2.75" (305mm x 216mm x 70mm)

Total Tool Kit Weight: 8.5lbs (3.9kg)

LIST PRICE (US Dollars, FOB Washington, IL USA)
