

S 120 E MINI CUTTER A COMPACT POWERHOUSE

UNLEASH BIG PERFORMANCE IN TIGHT SPACES

Don't let the size fool you – the **S 120 E Mini Cutter** by HURST Jaws of Life® is a force to be reckoned with.

UNLEASH BIG PERFORMANCE IN TIGHT SPACES

COMPACT

It can be tricky to maneuver a full-size extrication tool when debris is tangled and compressed. The compact design of this tool allows you to navigate tight spaces with ease and precision.

POWERFUL

Prohibitive materials can slow down or even prevent a successful rescue. The powerful blades of this tool cut through pedals, steering wheels, and seat belts, helping your team save precious time.

LIGHTWEIGHT

In physically demanding environments, heavy equipment can intensify fatigue. The lightweight design of this tool reduces exhaustion and increases efficiency in difficult-to-reach locations.

EASY TO USE

Convenient one-handed positioning and operation enable quick responses in high-pressure situations. A simple push-button start and automatic LED lighting further enhance efficiency. The ergonomic design ensures comfortable handling, making all the difference when it matters most.

FEATURES & BENEFITS

- Easy to use in confined spaces
- Saves space and weight on rescue vehicles
- Battery-powered design, immediately ready for use
- Lightweight for one-person operation
- Allows for rapid entry
- Integrated LED lighting
